Global property network Century 21 has opened its agency in Slovakia through the company Century 21 Slovakia which plans to open further 10 franchise offices this year. Its CEO, Daniel Bilý said that the company wants to open 50 estate agencies in the 5-year horizon. The company was preparing to enter the Slovak property market over one year and a half. Entering of Century 21 on the market should bring more investors into the country, this will be made possible by the global reference system of the chain, recovery and increasing quality of the property market.
